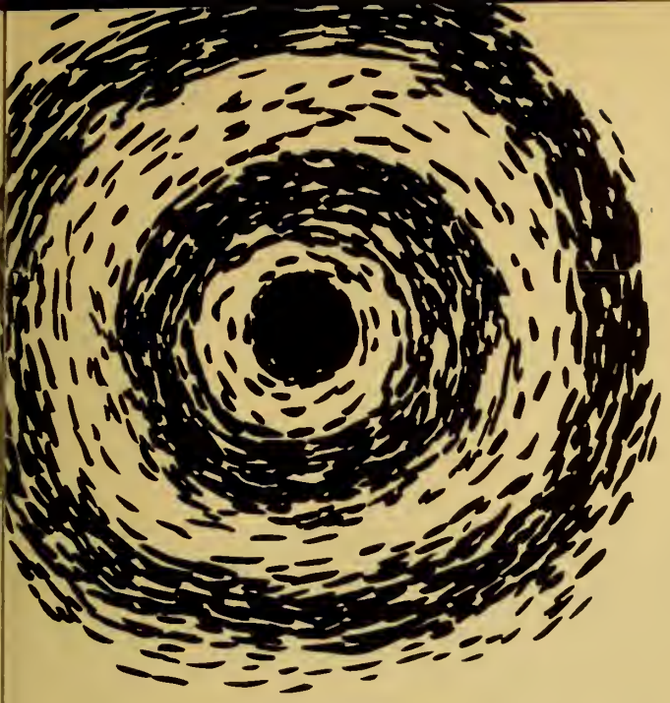
GEECHEE
1969



geechee

1969

linda roberts
editor

francine wimbish
business
manager

The lines and pictures in this, the 1969 GEECHEE, reveal the never ending sequence of life at Armstrong State College. Here portrayed is the now, the present, the year 1968-1969. However, a part of the now is the past and the future, the new and the old.

This moment of time, of now, is our projection. The moment, in the classroom of knowledge and understanding expressed on lined paper with assurance; the moment, in a sun struck, wind wracked beach, of God and truth, decision, indecision, confusion, and frustration.

We surrender our work to imaginations which alone can impart meaning and significance, which alone can awaken the tangled folds of our minds. It must be wrapped up in you and me. The waking moment caught, the specific scenes of faces and events are only representative of what you and I might remember.

Here is the GEECHEE—camera designed to stop in moments and instants the awakening that was Armstrong 1968-1969.

louise galletta

The Miss Geechee Pageant has always been a very important event of the year, but this year it became even more important as a preliminary pageant for the Miss Georgia Pageant.

Miss Geechee for 1969 is Louise Marie Galetta, a freshman nursing student. Louise won the bathing suit and evening gown competition in the Miss Geechee Pageant, and a scholarship in the Miss Georgia Pageant. Louise enjoys sewing, cooking, water skiing, and trout fishing.

Members of her court include Laurie Beecher, Gwen Yawn, Valerie Tarver, and Melinda Waters.

the young democrats

of

armstrong state college

present

"quotations from chairman
george corley wallace"

"a musical fantasy set in 1968"

The Young Democrats welcome you to "Quotations from Chairman George Corley Wallace," featuring an original musical spoof arranged and directed by Frank Chew. The Young Democrats appreciate the co-operation of the Armstrong State Masquers in making this program possible.

This musical fantasy does not necessarily reflect the opinions of the Armstrong State College. It might not even reflect the opinions of the students in the program.

All profits from this presentation will be donated to the "Food for Nigeria/Biafra Drive," a project affiliated with UNICEF sponsored by the A.S.C. freshman class.

Patterns...

A day in the woodlands uncovers a great variety of patterns. Some are pleasant and soothing; others excite wonder and curiosity. They are patterns enriched by sounds of wild life and winds, by the smells of pine and earth. They are patterns of the past—reminders of times when man's survival depended on his mastery of the forest. They are patterns of growth—tracing every stage from fragile seedling to towering tree. And they are patterns of order, progress, and change, combining the spontaneity of nature with the handiwork of man.
